

The Glaro Value Series

The Glaro Value Series Units are the next generation for recycling management. It is the largest, most diversified line of recycling receptacles that offer an extensive selection of sizes, finishes, openings and silk screened messages. Trash bags fit snugly under the lid and are completely covered by the body. These units are constructed of fire-safe metal and engineered for durability and environmental sustainability. Mix and match Value Series units to create your own recycling station.
