DIMENSIONS

- 26.5" L x 26.5" W x 42" H w/lid

CAPACITY

- 36 Gallon

FEATURES

- Welded Steel Frame Ring Fabrication
- 100% Recycled Plastic slats with solid color and U.V. stabilizer for ultraviolet protection
- **Includes - Color-matched plastic dome lid**
- **Includes - 36-gal plastic liner**
- **Includes - Security cable for lid**

• Receptacle frames are a set of two welded rings. Top ring is constructed from 10 ga. x 2-3/8" formed steel angle rolled, flanged inward, to a 22-5/32" I.D. circular ring. Base ring is constructed from 10 ga. x 2" formed steel angle rolled, flanged outward, to a 22-7/16" I.D. circular ring, reinforced with die-formed cross braces of 10 ga. x 2" steel bar.

- All fasteners are provided for assembly.

• Rings are hot-dip galvanized after fabrication to ASTM-A123 to maintain an average zinc coating of 2.0 oz. per sq. ft. of surface area.

• Slats are made of 100% Recycled Plastic molded into 2" x 4" nominal sized planks with solid color formed throughout and a U.V. stabilizer added for ultra-violet protection.

• All slats are precision drilled for assembly and have all exposed edges removed to a 3/8" radius.

• Includes color-matched molded plastic dome lid with self-closing, swing-action push door to keep waste out of sight and rain or snowout of the receptacle.

• Includes 36-gallon heavy-duty rigid plastic liner and cable tie-down kit to attach lid to receptacle frame.
